

# Ramsay Library *at your fingertips*

All employees have access to a Ramsay Library service to assist with your research and professional development. Its aim is to support clinicians with direct access to evidence-based information for point-of-care decision making and research.

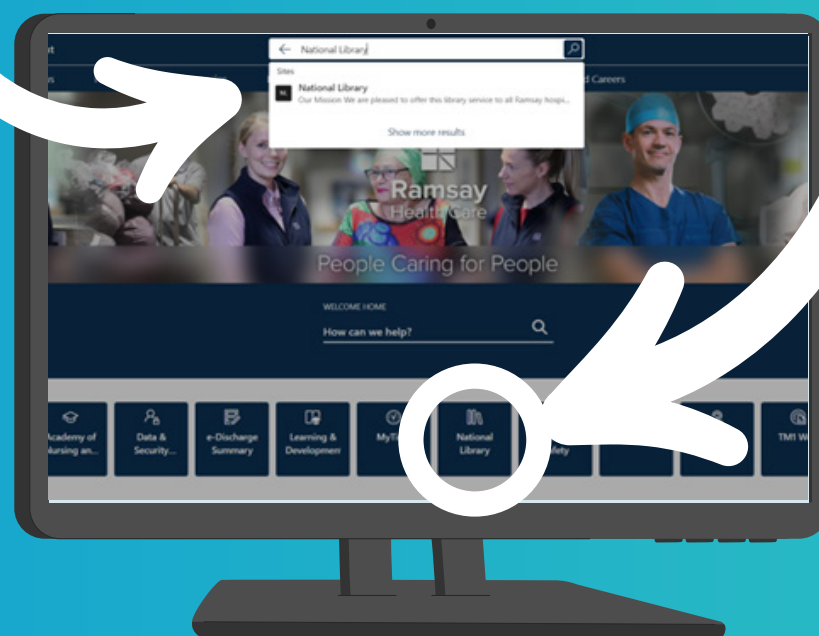

Resources available through the library include MIMS, Therapeutic Guidelines, the AMH, DynaMed, Nursing Reference Center and research databases.

## When offsite

The library can be accessed from [ramsaylibrary.com.au](http://ramsaylibrary.com.au) with your personal log on details.

## When on site

Visit the Ramsay intranet and search for 'National Library' or select the **National Library icon** to access the library with no log on details:

### Step one:

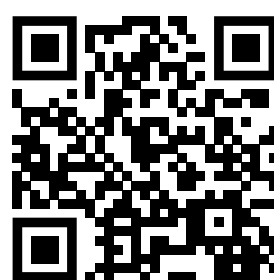

Use the QR code below to register for your personal logon details.

*You will need to be on the Ramsay network, or have a Ramsay email address for the registration form to submit.*

### Step two:

Visit [ramsaylibrary.com.au](http://ramsaylibrary.com.au) and use your personal logon details to join.

Access clinical resources at any time, on your own device, **for free!**
